Applicant's Response To The Office Communication of 2/3/03

To Whom it Does Concern:

AMENDMENTS OF CLAIMS AND SPECIFICATION

In response to the Office communication dated 2/3/03 (cover as Exhibit "A", attached), please amend the above-identified application as follows:

In The Claims

Please amend claim 1 as follows:

1. (Amended) In a process for producing heat or a nuclear product using a material loaded with an isotopic fuel, a method to control the production of said product which includes in combination:
 - applying an electric field to load said isotopic fuel to said material,
 - loading said isotopic fuel into said material,
 - applying a second electric field in a non-parallel direction to the first applied electric fields,
 - producing redistribution of said isotopic fuel within said loaded metal,
 - thereby controlling the product produced.
